

PowerGreen PPA Partnership Opportunities

Is your business interested in:

- ✓ new business opportunities
- ✓ financial incentives
- ✓ introductions to major companies throughout the UK
- ✓ working with one of the UK's leading and most successful renewable energy developers

PowerGreen PPA is the private wire division of Renewable Connections and offers businesses a fully funded, all-inclusive solar solution to reduce carbon emissions and long term savings on energy costs.

We are interested in working in partnership with reputable and successful businesses who have established relationships with companies potentially interested in installing solar on their buildings.

✓ Solar roof installers

✓ Electrical suppliers

✓ Maintenance contractors

✓ Property management

We offer both financial incentives and, where applicable, return business, for effective introductions.
